	Premium Anti-aging Cream (2 chamber system)
Retail Size	2 x 20 ml Serum + Cream
Professional Size	50 ml Cream
Skin Type	for all skin types
Product galenics	transparent serum with apricot colored care pearls/ apricot colored cream

DESCRIPTION

A world innovation - Bi-Magic combines the high-quality care of an exquisite serum, encapsulated in nourishing pearls, with the care qualities of a premium anti ageing cream. The serum and cream can be applied individually and, therefore, you can adjust the ratio of lipids and moisture to suit your skin's requirements as part of your skin care regime.

The serum in the pearls contains hyaluronic acid and New Zealand fern leaf extract for an intense tightening and lifting effect. The Anti-Aging cream contains a lifting peptide, hyaluronic acid and precious lipids such as coconut oil and shea butter.

Just be magic with Bi-Magic Firm & Lift - Live now, age later

Purpose and function

- 2 in 1 product
- Cream and serum are individually dosable
- Tailored to the needs of your skin
- Intense tightening and lifting effect
- Filling the moisture depots
- Smooths fine lines and wrinkles immediately through a valuable lifting peptide

Special ingredients

Hyaluronic acid: skin's own substance, which is a strong moisturizer and moisture retaining. Due to its high water-binding capacity the skin gets firmer and smoother.

New Zealand fern leaf extract: comes from a large tree fern native to New Zealand. Polysaccharides extracted from the fern have been shown clinically to help with reducing wrinkles, toning and firming the skin.

Lifting Peptid- ensures an intensive lifting and firming effect.

Coconut Oil: contains numerous saturated lipids and lauric acid.

Lauric acid acts antibacterial and thus offers the skin protection against germs, bacteria and fungi.

It provides the skin with moisture and protects it against aggressive environmental poisons.

It regulates the active acid-base balance of the skin and thus acts against skin aging.

In addition, it supports the natural healing process of the skin.

Shea butter: obtained from the fruit of the shea tree. Contains ingredients with healing properties, has a high proportion of triterpenes, oleic acid, linoleic acid, palmitic acid, stearic acid, triterpene alcohols, Vitamin E, beta-carotene and allantoin. It has a moisture-regulating, calming and emollient effect.

Filler effect- immediately smooths lines and wrinkles.

Anti pollution effect- provides protection from air pollution and preserves the skin's radiance.

UV-protection: protects against the negative effects of UV radiation.

HOME CARE

apply to cleansed skin in the morning and evening. Administer the pearl serum and care cream according to the individual needs of your skin. Also applicable individually.

USE IN THE CABINE

Can be used individually in the cabin as final care of a cosmetic treatment. Make the dosage according to the skin type. Also applicable individually.
